TREE OR BENCH MEMORIAL PROGRAM

The Memorial Program was established to further the natural beauty of our parks and accommodate those who wish to express their sentiments for loved ones or special life events in a manner that also enriches the lives of others. We will assist you in your selection of either a tree or park bench and help determine its location in one of our parks.

The following information will assist you in the process. If you need any assistance, please call the Superintendent of Parks at 323-2626, Monday thru Friday, 7:00 A.M. to 3:00 P.M. or email mikef@clarendonhillsparkdistrict.org.

1. The attached list of recommended trees for our parks has been compiled based upon soil conditions, aesthetics and environmental factors. This list is fairly extensive and the majority of trees are readily available from local nurseries. If there is a tree that you would like that is not on the list we will consider it if we determine that it is suitable for our parks.
2. Once you have selected either a tree or a bench and have completed the information sheet, please contact the Superintendent of Parks for guidance in placement. A number of tree or bench sites are available for each park. If you are considering a different location within our parks, we will do our best to accommodate you.
3. You may have a memorial plaque printed for your tree or bench if you so desire. A 3" x 5" photosensitive anodized aluminum plaque is included in the cost. If something different is desired, it will be at additional cost to you.
4. The appropriate maintenance of the tree, bench, or plaque will thereafter be the responsibility of the Park District. The Park District will not be held responsible for damage to the tree, bench, or the plaque by natural causes. There is a one-year replacement guarantee from the date of purchase on the tree, bench, or plaque. After the one-year replacement guarantee it will be at the Park District's discretion as to whether the tree, bench or plaque will be replaced and if replaced it will be replaced with a tree, bench, or plaque of original size. If the tree or bench needs to be moved for park improvements, it will either be replaced or moved to an area near the original.

Note 1: The cost for a Memorial Tree is \$500. The tree provided would be about 8'-10' tall and/or have a 3" diameter.

Note 2: The cost for a Memorial Bench is \$2,000. The benches are six foot long and made of Redwood.

MEMORIAL TREE PROGRAM
